

The Faculty of Mathematics at Otto von Guericke University Magdeburg, Germany, invites applications for a

W2-Professorship in Didactics of Mathematics

to be filled as soon as possible. A W2-Professor is comparable to an Associate Professor.

We are looking for a renowned scientist in the field of Didactics of Mathematics in vocational and secondary schools. We are seeking for a scientist who conducts research in an active area in Didactics of Mathematics.

The teaching language will be German almost exclusively.

Prerequisites are a research record in a field of Didactics in Mathematics as well as experience in training of teachers. We expect that the successful candidate participates in the faculty's teaching duties in Didactics of Mathematics, Mathematics as well as service for other departments. The willingness to supervise Ph.D. students, to acquire research funding and the ability to collaborate with existing research groups at Otto von Guericke University will be essential. We also expect that the professor supports his/her colleagues in establishing innovative concepts in learning and teaching.

Formal prerequisites for the appointment are specified in §35 HSG-LSA.

Applications from disabled persons will be given priority in the case of equal suitability, ability and professional expertise. The Otto von Guericke University aims to increase the proportion of female researchers within the university and specifically encourages women to apply.

Further information concerning the position can be obtained from the dean of the faculty, phone +49 391 67 58663, <w2-didaktik-math@ovgu.de>

The application along with relevant documents should be sent no later than **December 16, 2016**, preferably by email, to <w2-didaktik-math@ovgu.de>, or directly to Prof. Dr. Hans-Christoph Grunau, Dean of the Faculty of Mathematics, Otto von Guericke University Magdeburg, P.O. Box 4120, 39016 Magdeburg, Germany.
